

# 2018 ANNUAL REPORT

## FROM OUR BOARD CHAIR

2018 was a year of changes and challenges. New location, new hours, and a new way to handle things. The fact that I'm writing this rather than our Executive Director should clue you in on some of those challenges. Now you may or may not know this, but to this day KCB has been 100% volunteer run which is an awesome feat. However, once again we've found ourselves without an executive director and down a board member. This just brings to light, the fact that in order to keep growing the organization and expanding our programming and services, we're going to need to take that leap to the next level and actually hire a paid executive director to run things. It's a scary prospect I know, but it's one that needs to be done.

Throughout all of these realizations, one thing hasn't changed, and that is our mission to recycle, reclaim, and empower. While focusing on organizing things at the new location we've managed to increase volunteer hours, the number of volunteers, and bikes put back in the community. The KCB Earn-a-Bike program saw a boost brought by a generous donation by the Minnesota Vikings in the form of bikes previously used for their training camp operations held in Mankato and we still have a number of those bikes that are ready and waiting to be earned by people volunteering.

2018 may have come with its own set of challenges, but we have so much ahead for the organization. For 2019 we're looking to challenge you. Now is the time to step up and get more involved. The search has already begun again, not only for a new executive director, but we're always looking for quality board members and volunteers of any skill level. If you know someone that would be a good fit please send them our way.

Thanks for supporting KCB, now let's get out there and ride.

Brian Gosewisch, Board Chair - Key City Bike

## OUR MISSION
